1 Friday			2 Friday	English	Science

Home Learning at Norton College

You should be spending 30 minutes on each piece of Home Learning.

As well as completing Home Learning, you should spend time looking over the work you have done in class. It is also important to **read every day** to improve your knowledge of vocabulary and develop your reading and writing skills.

Home Learning club is available every night after school (Monday to Thursday) to support you with Home Learning.
