

Family Support

Welcome to our family support page. Ensuring that our students and their families are supported is of paramount importance to us at Norton College, as such, it is important that families are signposted to a range of services that they may require. Below are links to a range of organisations offering practical support, advice and information on different topics. If you require any support that isn't included below or if you have safeguarding concerns that you wish to report, please don't hesitate to make contact with our safeguarding team. Alternatively, you can call 01609 780780 to refer to children & family services.

If you are concerned that a child or young person is at imminent risk of harm you should seek medical help and if there is an emergency dial 999 immediately.
